[The Two Things Customers Want From Cloud Vendors](#)

## Cloud Computing Risks

When thinking about risks related to using cloud services, what are your top concerns?

■ 2015 ■ 2014

Unauthorized access to or leak of our customers' information

Security defects in the technology itself

Unauthorized access to or leak of our proprietary information

Inability to set or enforce security policy in cloud service-provider environment

N/A

Application or system performance

Provider's business continuity and disaster recovery readiness

Inability to track or troubleshoot data once it enters the cloud

N/A

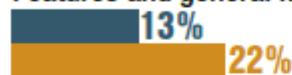

Business viability of provider; risk company will fail

Vendor lock-in

Features and general maturity of technology

Other
